**RE: Clarification regarding Ministry of Health letter to  
Maria Regina Grade School parents dated Saturday 15<sup>th</sup> March 2020**

Dear Parents,

Please be advised that Dr. Avery Hinds, Technical Director, Epidemiology Division has indicated that all household contacts from Maria Regina pupils must refrain from work for a period of 14 days from Friday 13<sup>th</sup> March 2020. Some employers are enquiring and so we are resending the letter for further clarification.

Hoping everyone is in good spirits and keeping well. We know that we will get through this together.

Best Regards,

Mrs. Elizabeth Crouch  
Principal  
Maria Regina Grade School
