April 2nd, 2019

Dear Parents,

RE CELL PHONES AND DEVICES WITH INTERNET ACCESS.

We have had some regrettable experiences recently that are a cause of concern to the school community.

Pupils:

- Do NOT turn in their cell phones to the teacher at the start of the school day as required
- Are using their cell phones to film themselves in school.
- Have highly inappropriate material on their phones
- Are engaging in disturbing conversations on their whatsapp chats

As a result, in the interest of the personal well being of the children, effective April 24th 2019, students **will not be allowed** to bring smart phones or any device with internet access into the school compound.

We are sorry that we have to withdraw this privilege.

Should you wish to communicate with your child or your child needs to communicate with you, this can be done via the School Office.

We thank you for your continued support and cooperation and urge you to support the children in the positive use of these devices at home.

Yours sincerely,

.....
Mrs. Elizabeth Crouch,
Principal

Motto: With Mary Hope

Mission Statement: Aware of the uniqueness of each person, we strive to live, respect and educate each child in our school.
